Project Managment

IT Consulting Project
Last Activity: about 5 hours ago

Tshirt Graphics Project
Last Activity: about 1 week ago

June Activities
Last Activity: about 2 months ago

First Project
Last Activity: about 2 months ago

Drop down menu with projects. This shows your current projects but I think there should also be a project management section. The projects are displayed in order of most active to least active. We add a button to go to the project management section. If you click the "Projects" button on the main menu it takes you to the same place that "Project Managment" takes you.
